

## *Chief Editors Message*

Greetings from the editorial board of JIDAK

As the world witnesses an unprecedented pandemic of COVID 19 outbreak, we see our world turn upside down around us! The social activities, continuing dental education programmes, hands on programmes and even the activities of dental education institutions are affected! We also see that the utilisation of the online platforms are on the rise for imparting education in every field! In this context the pioneer online journal of IDA Kochi - JIDAK is a well sought after one! We thank all the contributors and our technical team who help us to bring out the journal with all its glory even in this testing times!

Thanking you
